Watsonia Publishing courseware... none better!

"The manuals are presented as a single topic per page; provide guided exercises with plenty of screen shots that are easy to follow and the Challenge Exercises at the end of each chapter are a great revision... As a Trainer, I've never been so well supported. It's no surprise at all that Watsonia Publishing's manuals are the ONLY training manuals I use and recommend to all my clients."

Peter Harvest – Harvest Consulting

"We use Watsonia Publishing manuals in our short courses because they are clear, concise and easy to follow..."

Laurene Thompson – Continuing Education Bendigo

"Used regularly in the classroom, their training manuals are presented in an easy to follow style and our current cohort of Gen Y students comment that the graphic images make learning much clearer than other textbook style resources."

Catherine Bragagnolo – Box Hill Institute
