## Adobe Dreamweaver CS5

1	
General Description	The skills and knowledge acquired in Adobe Dreamweaver CS5 are sufficient to be able to create robust websites. Attention is paid to the initial creation of the website incorporating text and images.
Learning Outcomes	At the completion of Adobe Dreamweaver CS5 you should be able to:
	<ul> <li>understand the key aspects and components of a business website</li> <li>open files and work effectively with the Dreamweaver workspace</li> <li>define a Dreamweaver site</li> <li>work effectively with text</li> <li>create and edit CSS rules and apply them to text</li> <li>manage the typography in your site using CSS</li> <li>insert, position and format images</li> <li>create and work with hyperlinks on a web page</li> <li>design and lay out web pages using CSS</li> <li>create, format and work with tables</li> <li>create and use online forms</li> <li>create and work with Dreamweaver templates</li> <li>insert prebuilt scripts and spry elements to increase the interactivity of your site</li> <li>insert useful meta tags into web pages</li> <li>run management reports and publish your site</li> </ul>
Target Audience	Adobe Dreamweaver CS5 is designed for users who are keen to learn how to create and maintain a website.
Prerequisites	Adobe Dreamweaver CS5 assumes little or no knowledge of the software. However, it would be beneficial to have a general understanding of personal computers and the Windows operating system environment.
Pages	172 pages
Approx* Duration	16 hrs
Course Disk	Many of the topics in Adobe Dreamweaver CS5 require you to open an existing file with data in it. These files can be downloaded free of charge from our web site at www.watsoniapublishing.com. Simply follow the student files link on the home page. You will need the product code for this course which is INF532.
Methodology	The In Focus series of publications have been written with one topic per page. Topic sheets either contain relevant reference information, or detailed step-by-step instructions designed on a real-world case study scenario.
Companion Publications	There are a number of other complimentary titles in the same series as this publication. Information about other relevant publications can be found on our web site at www.watsoniapublishing.com.
