❖ Target Audience

Adobe Dreamweaver CS6 is designed for users who are keen to learn how to create, maintain and manage websites.

❖ Prerequisites

Adobe Dreamweaver CS6 assumes little or no knowledge of the software. However, it would be beneficial to have a general understanding of personal computers and the Windows operating system environment.

❖ Pages

190 pages

❖ Student Files

Many of the topics in **Adobe Dreamweaver CS6** require you to open an existing file with data in it. These files can be downloaded free of charge from our web site at www.watsoniapublishing.com. Simply follow the student files link on the home page. You will need the product code for this course which is **INF540**.

❖ Methodology

The In Focus series of publications have been written with one topic per page. Topic sheets either contain relevant reference information, or detailed step-by-step instructions designed on a real-world case study scenario. Publications can be used for instructor-led training, self-paced learning, or a combination of the two.

❖ Formats Available

A4 Black and White, A5 Black and White (quantity order only), A5 Full Colour (quantity order only), Electronic licence

❖ Companion Products

There are a number of other complimentary titles in the same series as this publication. Information about other relevant publications can be found on our web site at www.watsoniapublishing.com.

** Duration relates to study time only and does not include assessment time. Duration should be used as a guide only.
