❖ General Description

The skills and knowledge acquired in Microsoft Teams are sufficient to be able to use and operate the software effectively.

❖ Learning Outcomes

At the completion of this course you should be able to:

- understand what **Microsoft Teams** is
- create teams and navigate the team homepage
- understand how to start and engage in chat
- work with teams
- manage teams
- schedule and participate in meetings and calls
- understand how to use the **Microsoft Teams** mobile app

❖ Prerequisites

Microsoft Teams assumes little or no knowledge of the software. However, it would be beneficial to have a general understanding of personal computers and the Windows operating system environment.

❖ Topic Sheets

56 topics

❖ Methodology

The InFocus series of publications have been written with one topic per page. Topic sheets either contain relevant reference information, or detailed step-by-step instructions designed on a real-world case study scenario. Publications can be used for instructor-led training, self-paced learning, or a combination of the two.

❖ Formats Available

A4 Black and White, A5 Black and White (quantity order only), A5 Full Colour (quantity order only), Electronic Licence

❖ Companion Products

There are a number of complementary titles in the same series as this publication. Information about other relevant publications can be found on our website at www.watsoniapublishing.com.

This information sheet was produced on Friday, September 01, 2017 and was accurate at the time of printing. Watsonia Publishing reserves its right to alter the content of the above courseware without notice.
